

Target Golf

What You Need

- Cardboard Box
- Small Balls (coloured balls matching the coloured card for colour recognition)
- Marker Pens
- Coloured Card
- Scissors
- PVA Glue

Instructions:

This activity is a great low cost, fun way to occupy your child's mind. It can be done with a feather duster to knock the balls in, or even just rolling the balls into the holes using hands. Great way to recycle, a box too and will provide hours of endless fun, also if the sun is shining this can be taken and played outside.
