

Make your own Jellyfish

What You Need

- Paper plates/bowls
- String
- Paint
- Multi coloured yarn (if to hand)
- Sellotape

Instructions

1. paint the paper bowl/plate in any colour you want.
2. If using normally string then you can paint the string different colours.
3. Once dry punch several holes in the middle of the plate/bowl and thread the string through. Leaving enough on the top to tie a knot or sellotape down.
4. Attach one more large piece of string from the top to hand it up.
